BUSINESS MANAGER/FINANCIAL SECRETARY

**Graham Hunter**

BUSINESS AGENT

Since 2003 UA Local 496 Charity Golf Tournament has raised over \$75,000 for the Alberta Children's Hospital. This year we have shifted gears and will now be focusing on Fresh Start Recovery Centre as our Charity of choice. In order to help them continue with their success, we will be supporting them for the next 3 years.

We hope you will join us in welcoming them at our 10<sup>th</sup> Annual Golf Tournament.

As we all know, a successful golf tournament has many elements and does not just happen without a great deal of planning, preparation, effort and team work. In saying that, we have added new sponsorship opportunities to help you share in our vision.

We are excited about your anticipated participation and look forward to reaching our fundraising goal of \$25,000 for Fresh Start Recovery Centre while strengthening the bond within our community.

We are working diligently to ensure that our event creates an atmosphere of competition and enjoyment for all participants and sponsors with a great day of golf, dinner and prizes.

We would like to thank you in advance for taking the time and consideration towards your sponsorship and golfing.

Should you require more information, please contact the Union Hall at (403) 252-1166

Sincerely,  
Graham Hunter, Trevor Robertson & Kate King  
Tournament Organizers

Since 1992, Fresh Start Recovery Centre has been providing solutions that recover lives by housing, treating and supporting people living with the chronic illness of addiction. Their work has helped thousands of individuals recover and returned them back to their children and spouses, to their parents, to employers to be reliable workers and to their neighborhood to be active, engaged citizens.

Fresh Start is located in Calgary's Greenview Industrial Park and their 40,000 square foot, purpose-built home allows them to focus on all aspects of recovery to support the physical, mental, psychological, and spiritual aspects of healing.

Residents and Day Program participants take part in an abstinence-based, 9-16 week recovery program that is based on the 12 Step model. Their counseling team understands the challenges that people face on their personal road to long term recovery because they have walked in the same shoes with staff members having over 250 years of cumulative, active recovery experience to be credible role models for those seeking a life free of alcohol and drugs and willing to work to achieve it.

Fresh Start's current wait list sits at 72 men waiting 90 days or more to access the treatment that will turn their life around and perhaps even save it. Once on the wait list each man is responsible for calling in daily to inform Fresh Start staff that they still want recovery and to maintain their position on the wait list showing commitment and desire to recover.

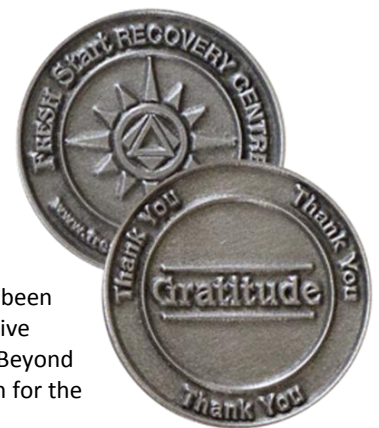

For those with other mental or physical barriers and for those who have little or no money, the dream of recovery is still available through Fresh Start. They have the facilities to help people with multiple disorders and have the good fortune to have people like YOU to make sure that long term relief from addiction is accessible to all who need and want it.

For employees who can access help through their workplace, Fresh Start works with various Employee Family Assistance Programs to get relief for the people living with the addiction and in order to return them back home and to the workplace as healthy, contributing members of society.

For family members, our Family Healing Program is open to any man, woman, friend or family member that presently has or has ever had a substance abuser in their lives. This program has been developed with the knowledge that the disease of addiction impacts more people than just the addict and that it negatively impacts the quality of life for those close to the addict. The Fresh Start team knows from experience that recovery is possible not only for the addict but also for the family, friends and community who suffer with them.

In 2013 Fresh Start won the Calgary Award for Outstanding Community Advocate Agency. It has also been recognized by the Donner Canadian Foundation as one of the top three agencies in Canada for effective and successful addiction treatment every year since 2006 and as **THE TOP** agency in 2010 and 2013. Beyond that Charity Intelligence Canada has chosen Fresh Start as a Top Pick Agency for homeless prevention for the last seven consecutive years.

Fresh Start would like to Thank you – the members of the **Brotherhood of the United Association of Plumbers & Pipe Fitters Local 496, friends and guests** – for choosing to help make it possible for those struggling with addiction and finances to afford the treatment that will transform their life and could actually save it!!! Take pride in knowing that YOU and YOUR SUPPORT are truly making a difference!!!

**We Are Truly Grateful to You!!!**
